

EL

Elisir

is one of EsteticaVibrazionale's cosmetics based on **super coherent water**¹ and top quality active elements.

Action

Thanks to an innovative technology the water forming this extraordinary product has been made super coherent in order to increase to the nth power the active principles in it dissolved.

Elisir fights damages caused by sunbathing, atmospheric agents, pollution, smoke and all the oxidative stress we have to bare every day and which accelerate cells' aging process.

Elisir's strong regenerative power makes it unique in protecting skin from environmental stress and in body and face anti-age treatment. It gradually reduces aging signs such as wrinkles and skin laxity. Regularly used it helps reducing lines and wrinkles in either depth and length. Elisir's effect is visible from the very first application as the skin gets immediately supple and firm in both face and critical body's areas such as arms, breast and inner thigh.

Active Elements

Water : it is the leading element in EV's cosmetics. The super coherence of its structure allows to greatly increase the Vibrational Cosmetic's energetic and functional power, assuring the best results. Being so specifically treated, this Water also enhances the effects of the active elements it carries.

Plankton extract is a natural marine extract which releases enzymes that have a repairing effect if exposed to UV rays thus fighting the visible damages of the so stressed skin and the loss of collagen. Plankton extract is a really effective stimulator of cells' metabolism and energy able to promote tone and vigour.

¹Quantum electrodynamics (QED) brings forward a very interesting prospect. Water in living creatures, when in contact with biological matter, gets structured in an organized and coherent way. The greater is the coherence of the structure the best is the energy processing in cellular structures. Super coherence is the exaltation of this oxygen conveyance, which, so organized, allows to elaborate a better cells energetic quality.

Jaluronic Acid is a biological polymer available, with the identical molecular structure, in every connective tissue of vertebrate organisms in which it has a structural and biological role. Its particular chemical construction gives it myriad of qualities that makes it particularly useful either in cosmetics and other fields. By stimulating collagen and connective tissue production, it boosts tissues' plasticity and assures the correct skin hydration. It is ideal in anti-wrinkles treatment and to prevent skin ageing.

Moisturizing Sugary Factor is an excellent regulator of skin hydration made of carbohydrates that can be found in nature and which structure is very similar to that of the human stratum corneum (horny layer).

Gallic Rose aromatic distilled flower water: Rose has uncountable qualities among which that to have astringent, antiseptic and purifying effects, moreover it has always been appreciated for being very refreshing.

Hamamelis Distilled Aromatic Flower Water: Hamamelis Virginiana (Witch Hazel) is a very precious plant appreciated for its various beneficial effects. Excellent remedy for sun burns, it has astringent properties, relieves inflammations and promotes tissue healing.

How to use

Nebulize Elisir directly on the interested skin areas (face and body) twice a day. In case of deep affections it may be helpful to intensify applications. Effects are visible since the very first few applications. Regular and rhythmic use reinforces the results achieved and prevents skin degenerative processes. Elisir can be used on its own or, once properly absorbed, as a base for creams, serums or make-up of which it will boost active properties actions, improving the performance.
